25X1 MEMORANDUM FOR: [REDACTED]
Policy & Plans Group
Office of Security

25X1 FROM: [REDACTED]
C/OPS/PTAS/OS

SUBJECT: Projected Savings in Federal Protective Officer
Wages With Occupance of New Headquarters Building

1. The Security Construction Coordinating Committee projects a savings of ~~\$3,102,002~~ annually in Federal Protective Officer (FPO) wages once the new headquarters building is fully occupied. This projection is based upon the premise that all employees in

25X1 [REDACTED]
25X1 [REDACTED] The above projected savings is contingent upon a building completion date of September 1987 with immediate occupancy. Theoretically, there will be a minimum of an 18 month window to move from the out-buildings to the headquarters compound.

2. The calculations used to establish the savings figure are as follows:

25X1 [REDACTED]
3. The above figures are based upon the present proposed design of the building with the following caveats:

a. One (1) main entrance from the West Parking Lot for assignees.

b. No assignee admittance thru the loading dock areas of the new building.

c. Access to the new building thru enclosed corridors leading from the existing building entrances located on each side of the cafeteria.

~~CONFIDENTIAL~~

d. Access to the new building thru ground level corridors from the existing building loading dock entrances.

4. In conclusion, please remember the projected savings is only as absolute as the projected building. Any design change can directly impact on Security access requirements and controls.
